Description

A major reassessment of the life, personality and work of Edward Bouverie Pusey, the once-famous Victorian scholar and churchman.

'In a wide-ranging set of essays that are both scholarly and accessible, the authors make a persuasive case for a reassessment of Pusey's life and significance. He emerges from these pages a greater theologian and a more sympathetic human being than he is usually considered to be. This is an exciting contribution to our understanding of the High Church Revival in Anglicanism, and a provocative and important study of one of its greatest figures.'

—*Reverend Dr Jeremy Morris, Dean, King's College, University of Cambridge*

Edward Bouverie Pusey and the Oxford Movement challenges accepted scholarly wisdom regarding the life, personality and work of this once-famous Victorian scholar and churchman.

Readership: This volume will interest academics and non-academics interested in Victorian religion and culture, the Oxford Movement and Anglicanism.

Contents
