Insightful writing on Arendt's relevance to sociology, social thought and social issues by eminent international scholars

The Anthem Companion to Hannah Arendt offers a unique collection of essays on one of the twentieth century's greatest thinkers. The companion encompasses Arendt's most salient arguments and major works – The Origins of Totalitarianism, The Human Condition, Eichmann in Jerusalem, On Revolution and The Life of the Mind. The volume also examines Arendt's intellectual relationships with Max Weber, Karl Mannheim and other key social scientists. Although written principally for students new to Arendt's work, The Anthem Companion to Hannah Arendt also engages the most avid Arendt scholar.

Readership

Upper undergraduate and graduate students of sociology, political science and cultural studies.

Contents

Editors' Introduction: Arendt's Critique of the Social Sciences - Peter Baehr and Philip Walsh; Part I. Books; Chapter 1. Arendt and Totalitarianism - Charles Turner; Chapter 2.
