An introduction to Bourdieu's thought and an evaluation of the international significance of his work from a range of national perspectives

'The Anthem Companion to Pierre Bourdieu' provides an introduction to the French sociologist's thought and an evaluation of the international significance of his work from a range of national perspectives. The contributions in the companion investigate the applicability of Bourdieu's theories and concepts in diverse sociopolitical contexts and consider the ways they can be said to possess universal validity. In examining Bourdieu on his own philosophical terms, this companion contributes to the general debate about the effects of the transnational and transcultural transfer of concepts generated in the West.

Readership

The text does assume some prior knowledge of Bourdieu's work. It is, therefore, best suited for final year undergraduate students, doctoral students and postdoctoral researchers as well as for academic staff in social science and philosophy.

Contents

Acknowledgements; Editor's Introduction; Part I: Aspects of Bourdieu's thought; 1. Reading Bourdieu phenomenologically. Derek Robbins; 2. The Sociological Challenge of Reflexivity in Bourdieusian Thought. Simon Susen; 3. Sociology at the Scale of the Individual. Archer and Lahire contra Bourdieu. Frédéric Vandenberghe; 4.
