‘Migrant Nation: Australian Culture, Society and Identity’ provides a rich understanding of the complexity of contemporary Australian society – its politics, culture and identity

‘Sweeping from Aboriginal-settler clashes to current controversies over refugees, Migrant Nation [...] reveals how national identity has never been about One Australia, but always about how its peoples have dealt with One Another.’ —Craig Howes, Director, Center for Biographical Research, University of Hawaii at Mānoa, USA

‘Migrant Nation: Australian Culture, Society and Identity’ casts new light on Australian identity through historical accounts of the many and varied experiences of migration.
