An exploration of the assassination of Antonios Triantafyllides, a leading Cypriot lawyer and politician, in British colonial Cyprus in January 1934

“The author not only narrates a case of political assassination framing it in the context of far-right politics but he also questions dominant narratives of Cypriot history, providing at the same time a history of Greek Cypriot elites, showing the influence they exerted on the politics and contemporary history of Cyprus.” —Yiannos Katsourides, Assistant Professor, Department of Politics and Governance, University of Nicosia, Cyprus

“Through the retelling of the tragic killing of Antonios Triantafyllides, this fascinating, well-researched and well-documented book makes a significant contribution to our understanding of the evolution of Greek Cypriot nationalism during the inter-war years, as well as revealing the importance of the official and colonial newspaper archives.” —Panikos Panayi, Professor of European History, De Montfort University, United Kingdom

This book explores the assassination of Antonios Triantafyllides, a leading Cypriot lawyer and politician, in British colonial Cyprus in January 1934. It places the event into its broadest possible context and sifts through all the evidence in order to reach a plausible answer to this mysterious cold case.
