A comprehensive and user-friendly guide to all three volumes of Karl Marx's *Capital*, with advice on further reading and points for further discussion.

'Marx's work continues to be of unrivalled analytic significance for making sense of the trials and tribulations of the global capitalist economy. The timely publication of Ken Smith's excellent guide to Marx's "Capital" will prove to be of great value to researchers, teachers and students striving to make sense of the state we are in.' —Barry Smart, Professor of Sociology, University of Portsmouth

This book provides a comprehensive guide to all three volumes of Karl Marx's *Capital*, with advice on further reading and points for further discussion.
