**First major study of *Animal Crossing*, an innovative virtual world with a global audience beyond traditional online gamers.**

*Animal Crossing* is an innovative virtual world with a global audience beyond traditional online gamers. The book is the first major study, offering an interdisciplinary exploration of copyright and other laws, user creativity and sociability, psychology, the virtual world's economic and technological basis, uptake during COVID-19, gamification of offline brands, relationships with past/contemporary computer games, and *Animal Crossing* as an example of the Japanification of online popular culture. The book provides insights for students, researchers and non-specialist readers.

#### Readership

Specialist and non-specialist readers with an interest in *Animal Crossing* per se, computer games, culture, law and markets.
