“*Critical Sexual Literacy* is an original, exciting volume that provides a necessary sexuality studies resource for students, teachers, and activists. The volume's impressive breadth of essays demonstrate the potential of its core concept, sexual literacy, to speak to the most pressing concerns shaping global conversations on sexuality.” — Brian A. Horton, Assistant Professor of Anthropology, Brandeis University, US

This book is a new and exciting resource for teachers, students, and activists who aim to critically examine contemporary sexuality through the lens of sexual literacy and situated social analysis. This original anthology provides shorter cutting-edge essays on theory, method, and activism, including the nature of globalization and local sexuality discovered in ‘glocal’ topics, processes, and contexts. These cutting-edge essays inform readers of key moments in sexual history, including areas relating to research, practice, and social policy, and provide a platform from which to engage in rich discussion and forecast the development of sexual literacy in our world within multiple contexts.
