An original exploration of death in Jean Baudrillard's work

'Shipley's work is one of the rare exceptions. Some of Baudrillard's best-known, but least understood, ideas are here unleashed, freed of the disciplinary apparatus of academic convention – and rightly so.' –William Pawlett, Senior Lecturer in Media, University of Wolverhampton, UK

'Gary J. Shipley explores the intensities of his meticulously constructed, artificial insanity with a philosophical and literary elegance that is truly exceptional. This is a book that evidently triumphs in its primary directive, of making Baudrillard, once again, necessary.' –Nick Land, Author of *The Thirst for Annihilation: Georges Bataille and Virulent Nihilism*

'This is not a book "about" Baudrillard. It is a book infected with the necrotic spirit of Baudrillard's post-orgiastic thought, as well as the transgressive spirits of those who infected him in turn (Bataille especially).' –Dominic Pettman, Professor of Culture and Media, New School, USA, and Author of *After the Orgy: Toward a Politics of Exhaustion*

Stratagem of the Corpse is a philosophical and literary exposition of death not so much as seen by Baudrillard but Baudrillard as seen by death.
