5.5 x 8.5 inches

RIGHTS

Exclusive: WORLD

Freedom Isn't Free takes an analytical look at political, economic, social and moral trade-offs in a world in flux. Highly readable and very accessible, the volume's collected foreign affairs essays are wide-ranging and engaging—from manageable regional issues to dramatic geopolitical tensions—presented not as distant complexities, but as relatable events. *Freedom Isn't Free* provides a strategic guide to some of the most important—sometimes intractable—issues of the day. It pays special attention to superpower America's role in contemporary geopolitics and her shifting policy options given leadership, competition, domestic governing challenges and self-inflicted nativism. Unlike most International Relations texts, *Freedom Isn't Free* investigates actual, contemporary themes that nest political theory within the arguments and analyses of the collected essays, privileging liberal state systems and citizens' individual liberties.
