An examination of the relationship between Wittgenstein's philosophy and the social sciences and its implications

"Robert Vinten has produced an impressively meticulous and wide-ranging discussion of how Wittgenstein's mature philosophy can revitalize the social sciences. There is insight and scholarship on every page. This important book will open up new possibilities for both philosophers and social scientists." — Leonidas Tsilipakos, Lecturer, University of Bristol, UK

"Vinten's book will be an invaluable tool for anyone interested in the social relevance of Wittgenstein's later thought." — Nuno Venturinha, Assistant Professor of Philosophy, Nova University of Lisbon, Portugal

Vinten looks at the relationship between Wittgenstein's philosophy and the social sciences as well as at the ideological implications of Wittgenstein's philosophy and applications of Wittgenstein's philosophy to problems in social science. He examines and assesses the work of thinkers like Richard Rorty, Perry Anderson, and Chantal Mouffe.

Contents

Acknowledgements; Introduction; Part 1 The Nature of Philosophy and of Social Science; 1. Is There Such a Thing as a Social Science?; 2. Wittgenstein and Relativism; Part 2 Does Wittgenstein's Work Have Ideological Implications?; 3. Was Wittgenstein a Conservative Philosopher?; 4. Was Wittgenstein a Liberal Philosopher?; 5.
