An annotated translation of Zhang Zhuo’s Court and Country offering a lively perspective on the empire of China’s first and only female emperor Wu Zhao

This annotated translation of Zhang Zhuo’s collection of miscellany, Court and Country, offers a lively, folksy, and novel perspective on the empire of Wu Zhao, China’s first and only female emperor, that will amuse and shock readers, prompting them to recalibrate everything they think they know about medieval China. The World of Wu Zhao includes separate chapters on a number of different themes and topics: Buddhist and Daoist monks, the female emperor’s male favorites (who dressed up in rainbow feathered garments and pranced around her court astride wooden red-capped cranes), cruel officials (bloodthirsty henchmen who took an aesthetic delight in their vocation), as well as sections on flora and fauna, the common folk, artisans and craftsmen, the military, spirits and the supernatural, the borderlands, and local officials.

Key selling points

* Offers a fun, at times racy and irreverent, eminently readable account of medieval China that will prompt readers to fundamentally reassess and rethink their preconceptions of imperial Chinese empire
* Offers a slew of fresh, never-before-translated untold stories from an idiosyncratic eighth-century primary source
* Zhang Zhuo provides a galaxy of stories and anecdotes that he has seen or heard, ranging from comic to salacious to otherworldly to bizarre; the annotation couches these tales, anecdotes, songs, and gossip, in a relatable framework
