This book is anew and eye-opening study about border-crossing. This new art of border-crossing will be defined by the notion of camaraderie and shared sovereignties and non-sovereignties.

The new art of border-crossing is inspired by a new politics, art, and a spirituality of shared sovereignties and non-sovereignties. This border-crossing challenges us to do creative, aesthetic, ethical, political and spiritual work in the fields of not only physical borders and bounded territories but also cultural, social, intellectual and civilizational borders.
