### Explores the concept of culture as understood through the practice of ethnography in social anthropology.

This volume considers the meaning of culture and anthropology's role in defining it. Taking up the history of the discipline and the method of ethnography in turn, the book asks if the concept of culture might be productively reclaimed within a context that acknowledges history, change, and diversity.

#### Readership

The book would be of interest to scholars and students of social and cultural anthropology.

#### Key selling points

- Presents original lectures on the history of anthropological theory.
- Describes in detail a series of methodological approaches, especially ethnography, and considers the historical relation of our subject to the way we have studied it.
- Engages with the question of comparison.
- Sheds light on contemporary thought on the question of culture.

#### Contents

Acknowledgments; Introduction The Culture of Anthropology; Lecture One The Question of Religion; Lecture Two The Serendipity of Method; Lecture Three The Relevance of History; Lecture Four The Meaning of Culture; Bibliography; Index
