**BIC CODE:** JHBC

### RIGHTS

**Exclusive:** WORLD

*Marx in the Field* is a unique edited collection illustrating the relevance of Marxian methods to study contemporary capitalism and the global development process. Essays in the collection bring Marx 'to the field' in three ways. They illustrate how Marxian categories can be concretely deployed for field research in the global economy, they analyse how these categories may be adapted during fieldwork and they discuss data collection methods supporting Marxian analysis, including during COVID-19 times.

### Contents
