RIGHTS

Exclusive: WORLD

A great, adventurous book for children that sharpens their creativity in a fun way. A must-have for all kids.

Sunnyville has everything it needs. But one day, trouble arrives. When a sudden landslide cuts off all its power, water and fresh food deliveries, it's up to a few curious and smart kids to find the solutions. Maya, Ana and Scotty head to the hills to explore. Using real-world examples found in nature and engineering solutions, the kids work hard to bring back clean water, electricity and fresh food to the townspeople. With their inspiring solutions, they end up not only saving Sunnyville but also creating a new and improved town.

Key selling points

Helping empower children to find solutions to their community's needs.

Identifying resilient and sustainable solutions.

Diverse characters working together.

Showing the value of architecture, engineering and construction in our daily lives.

About the Author(s) / Editor(s)

McKenzie Richardson lives in Portland, Oregon, with her very patient husband, silly 6-year-old son, and spotted pup, Tinker.

Katrina Emery is a writer in Portland, Oregon, interested in learning new things, telling stories and making things with her hands. She lives in Portland, Oregon, with husband and two young kids.

Kalila J. Fuller was born and raised in Portland, Oregon, where she continues to draw inspiration from her childhood amongst the fir trees. She graduated from the Pacific Northwest College of Art with a degree in illustration.

Roseanne Sherman is a multi-passionate writer and illustrator. She loves blogging, painting with gouache and finding humor and curiosity in all things.
