**RIGHTS**

**Exclusive:** WORLD

The book is a short introduction to comparative law and economics, a growing field in the interaction between law, economics and comparative political science. It is a guide to economists, lawyers and political scientists looking for a brief overview. It includes both strands of the traditional literature, namely the role of legal families and microeconomic analysis of legal rules in a comparative perspective. The study of courts at the global level is complemented by comparative judicial politics.

#### Readership

Academics and students in law, economics, and political science; policymakers in legal policies; lawyers; judges.

#### Key selling points

Short introduction to a growing field in the interaction between law, economics and comparative political science.

There is no other quick reference in the comparative law and economics field at the moment.

#### About the Author(s) / Editor(s)

Nuno Garoupa is professor of law and associate dean for research and faculty development, George Mason University, Antonin Scalia Law School. Previously, he taught at Texas A&M University School of Law (2015–2018), University of Illinois College of Law (2007–2015), Universidade Nova de Lisboa, Portugal (2001–2007) and Universitat Pompeu Fabra, Barcelona (1998–2001). He has a long-established research interest in the economics of law and legal institutions and comparative judicial politics. He has served as co-editor of the Review of Law and Economics (2004–2010) and of the International Review of Law and Economics (2012–2020). He has been awarded the Spanish Julián Marías Research Prize (2010).
