This book redefines empowerment by discovering a new paradigm of power.

The book unveils a model that redefines the acquisition of power. Departing from the conventional Machiavellian paradigm, this book draws on the insights of renowned philosophers and intellectuals to refine the rules of the power game. It delves into historical figures and practical examples to provide accessible and actionable insights, making the complexities of power comprehensible for the ordinary person. Offering a fresh perspective on power, this book serves as a guide for readers seeking to navigate the nuanced dynamics of power with authenticity and strategic finesse.

Readership

This book caters to a broad audience, including individuals seeking personal growth, professionals navigating leadership roles and students of philosophy and social sciences. The book is also a good fit for those who have a penchant for history and a curiosity to understand the concept of power.

Key selling points

- New model on power
- Philosophical and intellectual insights
- Historical relevance
- Practical guidance
