Extent: 268 pages **Exclusive:** WORLD
Size: 153 x 229 mm / 6 x 9 inches

This is a groundbreaking book about the oldest annalistic account of Ottoman history that has come down to us.

Origins of the Ottoman Dynasty: A Philological Exploration of Its Earliest Account is a groundbreaking book. It is about the oldest annalistic account of Ottoman history that has come down to us. It is simply crucial for researching and teaching Ottoman history at every major university in the world.

Ahmedi's History of the Kings of the Ottoman Lineage and Their Holy Raid(s) against the Infidels is the foundation text for the study of the rise of the Ottoman State. Virtually, every scholarly work dealing with the subject refers to his versified account of the early Ottomans. Even though it encompasses only a limited period of the Ottoman dynastic history, its importance derives from the fact that it is the oldest annalistic account of Ottoman history that has come down to us. Because the earliest Ottomans left no accounts of themselves, Ahmedi's work became the key source—though almost always without a proper reading of the text—for subsequent theories regarding the social and political structure of the early Ottoman State.

Readership

Turkologists, Ottoman historians, world historians and also advanced-level university students of history and philology

Contents

Acknowledgments; Transcription System; Abbreviations and Symbols; Exegesis; English Translation; Transcription and Critical Apparatus; Critical Index Verborum; Facsimiles; Bibliography
