6 x 9 inches

Series: Anthem Americans in Revolutionary Russia

Richard Washburn Child was an American author and diplomat who, impressed by pre-revolutionary Russia's potential, advocated for U.S. partnerships with Russia, later serving as the U.S. ambassador to Italy during the rise of fascism and becoming a supporter of Mussolini

Richard Washburn Child travelled to Russia in 1916 on the eve of its dramatic revolutions and describes what he observes, making a case for American investment in the country before other nations take advantage of the opportunity.

Readership

Anyone interested in revolutionary Russia or the history of Russia in general as well as anyone interested in Richard Child or the phenomenon of American supporters of fascism in the interwar period.

Key selling points

Another view of Russia on the eve of revolution

The author is an interesting person in his own right as an American who became enamored with fascism

About the Author(s) / Editor(s)

Dr. Lee A. Farrow is a Distinguished Research Professor and Distinguished Teaching Professor of History at Auburn University at Montgomery and Chair of the Department of History and World Cultures. She received her MA and PhD from Tulane University (1998) and has published extensively in the field of Russian–American studies.
