Revives an important but overlooked expression of the Scottish Gothic with transatlantic cultural implications, The Death-Wake by Thomas Tod Stoddart

Thomas Tod Stoddart's innovative gothic epic poem *The Death-Wake* (1831), now little known, may have been lost to history if not for the interventions of Edgar Allan Poe in 1842 and Andrew Lang in 1895. This critical edition reprints and contextualises Stoddart's morbid and distinctive masterpiece, bringing to light an important but overlooked expression of the Scottish Gothic with transatlantic cultural implications.

Readership

University professors, academics, undergraduate and graduate students of Romanticism and the Gothic, Scottish literature, and 19th-century poetry and poetics; libraries (predominately university libraries and public research libraries, e.g., NYPL); independent readers interested in Edgar Allan Poe, James Hogg, George MacDonald and/or Andrew Lang's *Fairy Tales*; Victorianists; Scottish historians and cultural critics; independent readers of Scottish literature and Gothic/Romantic poetry, horror literature, 'Weird Fiction' and supernatural literature.
