Offers seven insightful lenses for understanding deep accountability in complex human ecosystems, emphasising creativity, transformation and interconnectedness in the face of systemic breakdowns

Moving towards, not away from, the vexing array of discouraging crises of our time and drawing on a number of innovative but congruent concepts, this short book offers to focus our path towards deep accountability for the life of complex human ecosystems.

Readership

Leaders, formal and informal, in any community, institution or organization, who are hoping to use their capacity, resources, time and influence to make the choices that lead to life.
