**The Elite Quality Index 2025 (EQx2025) uses 149 indicators to rank 151 countries to assess whether national elites create sustainable value for their respective societies or exploit their bargaining power differentials to enrich themselves through value transfers and rent-seeking business models.**

The Elite Quality Index 2025: The Sustainable Value Creation of Nations (EQx2025), the leading global political economy index, is a comparative ranking measuring the sustainability of nations that assesses whether elites create value and expand a nation's knowledge capabilities or use their power to rent seek and maximize their own profits by transferring value from their stakeholders.
